EH65

Breakers

EH 65 best-in-class breaker for medium projects

The EH 65 electric breaker offers the best power to weight ratio in its class. This unit has an extremely high breaking output and single stroke energy thanks to the patented shockwave-optimized percussion system. With the maintenance-free brushless carbon motor providing years of dependable service life and the first class vibration damping system, this breaker has an extremely low cost of ownership.

- Extremely high breaking output due to high impact energy, high power to weight ratio and high percussion rate.
- Hand arm vibration is under 5 m/s² thanks to the efficient full-hood vibration damping system which provides additional user comfort for all day applications.
- Portable breaker operates on 115/120 V AC/DC, 15 amp. outlet or a 2500 Watt portable generator

Technical specifications

Shank Hex	1.1 x 6.0 in
L x W x H	35.6 x 23.2 x 9.4 in
Weight	57.3 lb
Percussion rate	1060 rev/min
Single stroke energy	48 ft lb/blow
Engine / Motor	Three phase induction motor with upstream inverter for ac power, double insulated
Voltage 1~	120 V
Frequency	60 Hz
Current	15 A
Operating performance	2.5 hp
Percussion system	Pneumatic spring percussion system
